

Arqum Siddiqui

Senior Backend Developer | Laravel / PHP Specialist

✉ +92-308-2575413 | ✉ arqumsiddiqui14@gmail.com | ✉ Karachi, Pakistan

Professional Summary

Results-driven Senior Backend Developer with extensive experience in designing, developing, and maintaining scalable backend systems using Laravel and PHP. Proven track record of building ERP systems, RESTful APIs, and high-performance database solutions for diverse industries including pharmaceuticals, automotive, and e-commerce. Skilled in MySQL, PostgreSQL, and API integration, with a strong focus on performance optimization, security, and clean code architecture.

Core Skills

PHP / Laravel, JavaScript, AJAX, MySQL, PostgreSQL, RESTful API Development, Server-Side Programming, API Integration, E-Commerce Development, Git/GitHub, Unit & Integration Testing, HTML5/CSS

Professional Experience

- **Senior Backend Developer | FameWheels · Full-time | Jan 2025 – Present · On-site**
 - Architect and maintain Laravel-based backend systems, ensuring scalability, performance, and security.
 - Design and optimize MySQL & PostgreSQL databases, including query tuning and indexing for high-traffic workloads.
 - Develop secure RESTful APIs to support mobile and web applications.
 - Collaborate with product, frontend, and QA teams to deliver features on time.
- **Back End Developer | MetaStrom · Full-time | Sep 2024 – Dec 2024 · On-site**
 - Engineered high-performance APIs and backend services with Laravel and PHP.
 - Automated repetitive backend workflows, improving delivery speed by 20%.
 - Created unit and integration tests to maintain code quality and prevent regressions.
 - Worked with frontend teams to ensure seamless API integration and smooth UX.
 - Monitored application performance and optimized server-side logic.

- **Back End Developer | Webnet Pakistan Pvt Ltd · Full-time | Jun 2024 - Sep 2024 · On-site**
 - Developed and maintained scalable backend systems using Laravel, serving multiple enterprise clients.
 - Designed efficient MySQL schemas and optimized SQL queries for faster data retrieval.
 - Integrated third-party APIs to extend system capabilities.
 - Collaborated with frontend developers to ensure smooth data flow and API compatibility.
 - Troubleshooted production issues, reducing downtime by 30%.
- **Software Developer | Amros Pharmaceuticals · Full-time | Apr 2021 - Jun 2024 · On-site**
 - Led the development of ERP system (Pharameaze), streamlining operations and increasing internal efficiency.
 - Designed and implemented REMS to ensure compliance with pharmaceutical regulations.
 - Enhanced data management systems, enabling faster and more accurate business decisions.
 - Coordinated with cross-functional teams to deliver software aligned with business goals.
- **Web Developer Level 3 | BOS · Full-time | 2019 – 2021 · On-site**
 - Developed new web portals and custom websites using Laravel, PHP, and modern JavaScript.
 - Maintained and improved live production portals, fixing bugs and enhancing performance.
 - Ensured responsive and user-friendly designs for optimal accessibility.

Education

Bachelor in Software Engineering (BSSE) | Ilma University | 2015 – 2018

Intermediate (Pre-Engineering) | 2014

Matriculation (Science Group) | 2012
